# Roots & Routes

---

- ✿ Born and raised in **Yiwu, Zhejiang** — only 3 encounters with snow ☀️☁️
- ✿ Moved to **Toronto** in 2011 — big leap, bigger snow ❄️
- ✿ Now in **Port Credit, Mississauga** — lakeside chill, seagulls, and soft retirement vibes

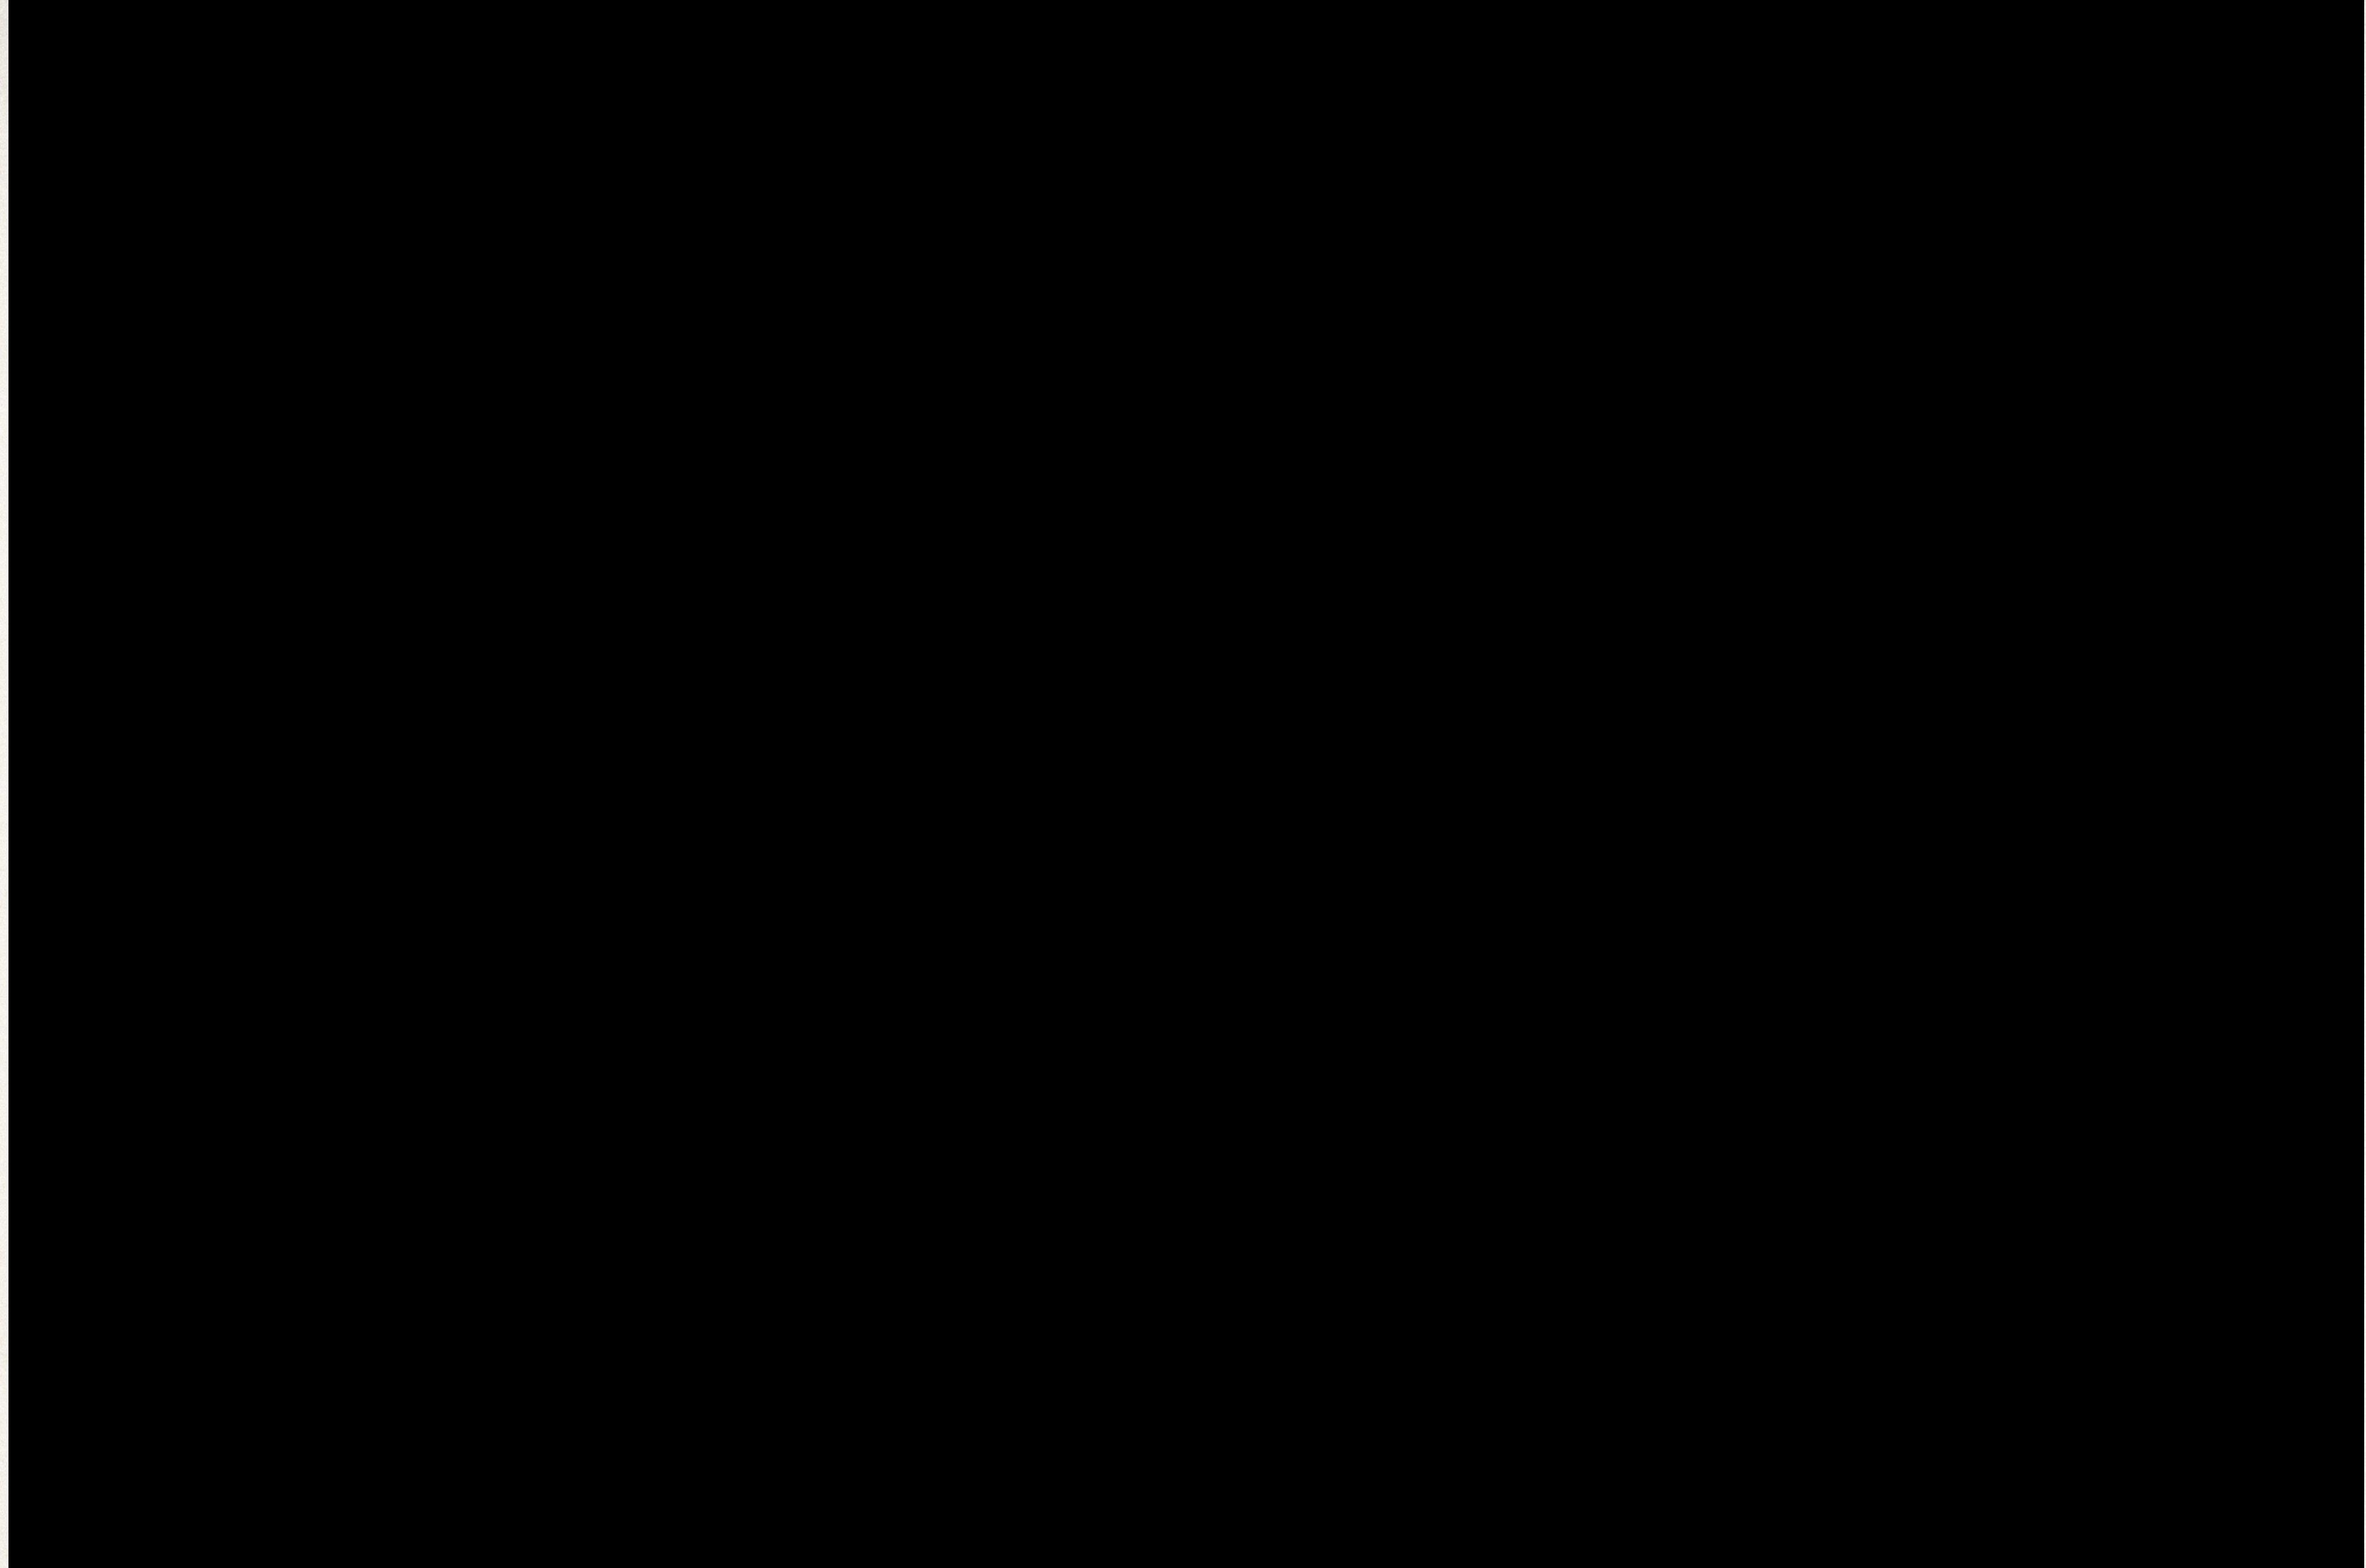

# Numbers, Stats, and Stress

---

- ✿ 🎓 Bachelor of Actuarial Science & Statistics
- ✿ 🎓 Master of Quant Finance
- ✿ 🎾 Tried **squash**, **tennis**, and **badminton** — exams benched them all

UNIVERSITY OF  
**WATERLOO**

# Breaking Into the Industry

---

- ✿  Started in **insurance** and **banking** internships — chasing stability
- ✿  Picked up a toolbox of **SQL**, **VBA**, **MATLAB**, **Plotly**
- ✿  Discovered: insurance was safe... but *not satisfying*
- ✿  Jumped into **finance** and found my fit — now building cool stuff with data @ BMO

# Bay & King Quadrant

# Ctrl+Alt+Me Time

---

- ✿  Binge-watch entire **drama** seasons in one sitting — zero regrets
- ✿  Hooked on serialized **fiction** — daily drops, daily dopamine
- ✿  Used to be a **Bayern** fan (blame my German roommate)
- ✿  Doubles most of time — singles is cardio in disguise

# Tinkering with Tech

---

- ✿  Home automation nerd — lights, climate, routines... all scripted, all smooth.
- ✿  Lights on an hour before sunset — not a vibe shift, just smart logic.
- ✿  Alexa sleep mode — lights off, sleep playlist fades in, then silence + *Do Not Disturb*.
- ✿  Automating random stuff purely because... why not?
- ✿  I use AI tools — but I still debug better than them. *Usually.*
